John Quinley	1johnquinle	Ridge Trail between the mailbox and Four Corners	June	Tractor work (\$65/hour + fuel) to dig and distribute gravel on areas of the trail that are muddy/rutted. We'll use our ATVs and the HOA dump trailer/s to move gravel. Also brush cutting (\$20/hour) and a small amount of stump grinding (\$50/hour) to keep the trail clear and facilitate the gravel work.	Jack Schommer & John Quinley		\$750.00	\$750.00	
John Quinley	1johnquinle	118 Trail, multiple locations.	As soon as trail is dry enough	There is a need to stockpile gravel at all the gravel pits along the main trail for use this year or as needed. Three areas in particular are likely to be bad based on last fall's rainy situation: Ruts and holes west of the parking lot before the first gravel pit; top of Bear Hill between Deep Creek and Moon Lake/creek dealing with both ruts and especially drainage; the east side of Moon Lake bridge like the west side that was done last year. Will need several volunteers to haul the dump trailers and spread gravel (last year we had about 10 working the west side of Moon Lake.	Jack Schommer, Ralph Lee, John Quinley, others.	\$2,500 primarily for tractor time and fuel; plus some fabric if we don't have enough.	\$2,500.00	\$2,500.00	
Ralph Lee	alaskalees@	Scrimshaw		Another 100+ boards. The extremely wet summer last year showed additional areas that need boardwalk.	Betty/Kearney will oversee.		\$1,500.00	\$1,500.00	100
Ralph Lee	alaskalees@	Little Bit Lane from the bridge and Hugo west side of September Lake		Need more gravel.	Charlie Martin	Gravel, fabric, culverts	\$1,500.00	\$1,000.00	
Ralph Lee	alaskalees@	Hugo east side of lake / north-south section line south from the island.		Mac & Mystie Rail need boards for boardwalk to connect the existing island trail south across some very wet spots along the section line. (Hugo Loop follows the section line starting a couple hundred feet south of where the section line meets the island trail).	Mac & Mystie Rail	150 boards	\$2,500.00	\$2,500.00	150
Ralph Lee	alaskalees@hotmail.com					Little tractor: fuel, oil, filters, etc.	\$500.00	\$500.00	
Jack Timm	jacktimm@yahoo.com			Partial funding of continuing efforts to cut Crystal Clear lane through from the bridge to the top of the ridge at Hugo Loop.	4	\$500 to apply to backhoe rental expenses 100 ft of typar landscape fabric loan of a gravel trailer	\$500.00	\$500.00	

Betty Hein	bettyjhein@	South Scrimshaw	late spring or summer 2023	Boards are hauled to Scrimshaw or close to it during winter haul. Boards are cut in half and nailed perpendicular to trail, creating boardwalk. Thank you for allotting boards in the past for this road. As we add boards it becomes safer.	2 or 3	100 2"x6"x12 ' all weather wood boards. Nails and CO2 cartridges as needed for nail gun.	\$1,770.00	\$1,770.00	100
Stafford Glashan	Stafford.Gla	Ridge Trail (Hugo Loop) north of four corners (Crystal Clear Lane and S Hugo)		I would like to request 50 boards (\$884) to repair existing boardwalk and extend existing boardwalk on the Ridge Trail (Hugo Loop) north of four corners (Crystal Clear Lane and S Hugo). The existing boardwalks have missing boards and holes have developed at the ends. We do not need labor or equipment support to complete the work.	Stafford & Francy Glashan	50 boards	\$884.00	\$884.00	50
Tom Butler	tbutler6499	Mile 120.2 trail, Laramie Drive, and Jerry Jeff Drive		30 days use of the Homeowner's tractor, with all individual "tow wagons" for 4x4s, be delivered before summer season, (2023), @ 120.2 trailhead. Fuel and oil containers requested to service tractor. All necessary repairs to tractor or "tow wagons," to be funded by the Homeowner's members, (included any towing expenses), in a timely manner.	Tom Butler. Same individuals that worked the 2007-2022 projects at mile 120.2, will participate in 2023 project.	328 each: 2"x6"x12" treated lumber 4 ea. (18 lbs box) Fasteners: (from Moore's Hardware; price quote) : # 730221, # 10 x 3 1/2," Coated Deck Screw, 1000 ct. box, @ \$134.99 per box.	\$6,444.00	\$6,444.00	328
Rick Moore	sunset@mt	Cleveland Red Rd		32- 2x12x8 severe weather wood for going over beams on the low section below big hill. Lowes \$31.28 ea 8 hours for excavator time to repair trail and work on big hill. @\$65. hr for excavator		32- 2x12x8 severe weather wood - Lowes \$31.28 ea. 8 hours for excavator time, @\$65. hr for excavator	\$1,520.00	\$1,520.00	
Jason McNamara	themacsx3@gmail.com			I have a lead on about 700 more green treated guardrail posts 6'-7' long. They're \$7.50 ea delivered to the parking lot, unloaded and stacked nicely with a skid steer. We've started using them for boardwalks across the swamps and keeps it out of the water for the most part. Would be delivered to multiple locations throughout the 120 trail system. If the 118 side would like some an make arrangements for delivery to there as well. Estimate \$5K			\$5,000.00	\$5,000.00
